AN AMUSING ENTERTAINMENT

Cake Walkers Make Lots of Fun for a Crowd of Spectators at Evans Opera

House.

There was an immense crowd present at Eyans opera house last evening to witness the most amusing entertainment ever seen in the house. Besides the large crowd of spectators present from the city. a large party came over from Butte, who had been unable to secure seats when the walk was given in their home city. Ernost Hogan and his large company rendered a most interesting programme before the cake walk commenced. It was a medley of scenes before the war in the aunay south. The singing and dancing and Hogan's impersonations of the colored man's character were especially fine as was also Mrs. E. J. Rankin, the California nightingale's singing.

Mayhew, It took them a long time to decide the contest, and the walkers were made to go in pair, then singly, and at times told to enter into conversation with their partners. During the whole proceeding the audience was kept in roars of 'aughter by the attempted amount of style the contestants put on. Mr. Ridley and Miss Walker carried off the cake; Miss Lawrence was awarded first ladies' prize; Miss Alian, second; Mrs. Lucas, third; Mrs. Smith, fourth; and Miss Rankin, fifth. Among the gentlemen, Geo. It was nearly 1 o'clock this morning when the entertainment closed.

THE MASS MEETING.

Red Hot Besolution Concerning the

A mass meeting of workingmen was held last evening in the Mattie block hall. The object of the meeting was stated to be "for the purpose of enforcing the \$3 a day scale." The meeting arose from a condition of affairs brought about by the contractors excavating the cellar and foundations of the new FitsPatrick block foundations of the new FitzPatrick block on First street. Tuesday a force of three men were employed on this work at the rate of \$2.50 per day. They were waited upon by a committee of the Trades and Labor assembly, and immediately put on their coats and quit the job. Yesterday a gang of six other men were employed at the same rate: They refused to stop work when requested, and the committee was ordered off the premises. Several representatives of labor organizations waited on Judge FitzPatrick to remonstrate with him in the matter. The judge, when seen last evening, asid although he was not responsible for the men working on his last evening, said although he was not responsible for the men working on his property, as the job had been let to a contractor, if the labor organizations were going to maintain their rules and not single out isolated cases upon which to apply it, but make the order universal, he was willing to pay half the difference between \$2.50 and \$3 per day, and thus comply with the unions' rule, if his contractors were willing to do their share. He said. with the unions rule, it his contractors were willing to do their share. He said, however, that the men working on the job claimed to have received so much verbal abuse that they were not willing to receive the increased wages.

The meeting last evening was largely attended and of an enthusiastic character, many speakers airing their views upon the question in an interesting manner. The following resolution was passed unanimously:

The following resolution was passed at mass meeting of workingmen at Matte Block hall last evening:

WHEREAS, Acting Mayer Edgecombe has overstepped his bounds in depriving the city of police protection to guard the interests of a few Chinese lovers in affording police protection to a few scabs.

Therefore be it resolved, That we, the workingmen of Anaconda, in mass meeting assembled, cepsure Acting Mayor Edgecombe for his actions in making scabberders of the Anaconda police force, a thousand degrees below sheepherders.

New Cigar Stores.

BUTTE, May 24.—The police say that the "cigar stores" which have recently been opened, are in localities where such institutions are not looked upon with favor by the neighbors. Several such "stores" are now in full blast, in different streets, where that kind of business has never been permitted, and considerable complaint is being made at the innovation. A box or two of cigars, a few plugs of to-bacco and a handful of cigarettes may constitute a tobacconist's establishment.

These small stands presided over by women more or less attractive, whose "stores" have convenient back rooms attached, are looked upon with suspicion by the police and they will make a determined effort to break them up. While some of the places may be what they pretend, others are known to be presided over by women of questionable reputation, and these will be rooted up and the owners will have to remove to the localities where people of their kind are tolerated, and where police surveillance can be exercised over them. To test the matter. Officers Dwyer and Parker last night arrested a Miss Middleton, who has been conducting a cigar store in East Park street, on a charge of keeping a house of prostitution. The officers say that they have a sure charge against the woman.

Patriotic Sons Will March. BUTTE, May 24.—Camp 1, P. O. S. of A., this evening appointed a committee, consisting of James Brown, W. H. Young, Edward Buzzard, William Jameson and Edward Buzzard, William Jameson and Charles Keating to perfect arrangements for Decoration day. It is expected that all the sons of camps 1 and 18, that can, will turn out in full regalia on that occasion. The daughters will decorate the graves of the departed with flowers furnished by the camps. The committee will meet Sunday afternoon at 1 o'clock in Fidelity hall to perfect further arrangements for the day.

MEMORIAL DAY.

Regarding the beautiful custom of

Regarding the beautiful custom of once a year devoting one day to the memory of the country's and the individual's dead, the G. A. R. have issued a circular and set of resolutions. It is a task of sorrow, yet one of deep and quiet pleasure that dictates to the old comrade, the brother or son, mother, sister or daughter, to strew sweet flowers on the grave of some loved here, who respended to his country's call of danger. This act of love and respect will be universally carried out in Anaconda next Tuesday. When the minds of all, for one day at least, will turn to their departed dead and the memory of the heroic deeds that have new passed out of history. It is but a feeble expression of regard for the brave souls that maintained the freedom and liberty we all enjoy.

The circular is as follows:

For 25 years, the 20th day of May of each year has been set apart "for the purpose of strewing with flowers or otherwise decorating the graves of courades who died in defense of their country during the late rebellion. and whose bodies now lie in almost every city, village and hamlet churchyard in the land."

At the national encampment at Baltimore, 1882, it was "Resolved, That the commander in chief be requested to issue a general order calling the attention of the officers and members of the Grand Army of the Republic, and of the propie at large, to the fact that the proper designation of May 20 is Memorial day, and to request that it be always so called."

Also, the annual encampment of the department of Montana, G. A. R., held at Great Falls May 10, 11 and 12, 1893, adopted the following resolution, as expressive of the sense of the encampment upon the proper observance of Memorial day.

"Resolved, That Memoral day was originated by the Grand Army of the Bapublic, not for the purpose of celebrating the glories of peace, but solely to commemorate the parriotism and glorious deeds of those who gave their lives as the price of a united country.

"Remembering the Liviations, the marches, "Remembering the Liviations, the unarches,

solely to commemorate the partonism and acts stores of a united country.

"Remembering the trivations the marches, the battles, the hospitals and the prison pensions to make up those dreadful years which go to make up those dreadful years whencost our comrades their lives, we cannot acree that Memorial day is properly a day for rejeicing, or that it should be entirely given over to frivolous enjoyments.

"Believing this, we ask all citizens to unite with us in keeping the observance of Memorial day within the limits originally intended, to the end that the heroic deeds and glorious deaths of our comrades may not seem to be belittied and to the further end that patriotism and love of country shall be both recognized and encouraged."

The department commander earnestly requests that Grand Army of the Republic posts all over the state observe the day in a befitting manner.

cific, arrived in the city on Monday evening last.

This car is under the personal supervision of H. H. Wilcox, who has been in charge ever since the introduction of the enterprise, eight years ago. This is the eighth annual tour of the studio through the country and the success is much greater this season than ever before.

The studio, which is located a short distance west of the depot, is a most conveniently appointed affair from every point of view. The waiting room takes the form of an art gallery, and is handsomely arranged with samples of the firm's work. The operating room is elaborately furnished with the latest equipments known to the business. The collection of background scenery is large and customers are afforded a choice. Things are so arranged that any kind of a position can be comfortably assumed. A great feature of the car is the opportunity afforded for the photographing of infants, chairs being made especially for the purpose having been supplied. The dressing room is another great feature, and is most complete in overy particular.

Mr. Wilcox, whose geniality has made the enterprise a great success, is always glad to meet visitors whether they do business with him or not, and it appears to afford him pleasure to escort them through the car.
